### **TRUE VIRTUAL TOUR TECHNOLOGY**

TourVue is the only TRUE virtual tour system available which allows the following; TRUE full screen viewing technology (automatically resizes to fit the FULL screen of any computer monitor), loads instantly, hi-resolution, music audio, and seamless website integration (exact color match so it does not look like third party software). Walk from room to room with ease, viewing each tour, and reading important information hotspots throughout the venue!

### **VIRTUAL MAPPING**

TourVue puts your location on the map... literally! TourVue is the only platform which offers state of the art mapping technology. This revolutionary mapping tool allows for easy site navigation of large scale venues while giving users a realistic idea of the size and scope of available properties, lots and amenities.

### **SPACE PLANNER**

Easily design and organize your conference rooms for different functions including weddings, conventions, and other events (each room is to exact dimension for a realistic representation of the space). Your event planner(s) can save, record, print and/or email favorite layouts for easy reference, OR allow clients to plan and organize their own function and email it back to you for discussion!

### **STATISTICAL MONITORING & WEBSITE METRICS**

The days of traditional "Spray and Pray" marketing are over! TourVue is the only platform that is not only the most effective form of advertising, it is also the most effective form of TRACKING your advertising. Track WHO is looking at you, WHERE their from, and WHAT SPECIFICALLY they are looking at within your venue! Now you know exactly where to focus your advertising dollars!

### **ADMINISTRATION**

TourVue is the only platform which brings your website to life. The easy to use back end interface gives users the flexibility to easily change, edit and delete pictures, sound, hotspots and information all with the simple click of a button. Add events to your website as they happen! Change it monthly, weekly, daily, and make your website a destination!

*The most powerful presentation tool for showcasing your venue online in the tourism industry today!*
